

Boy #1 (Age 7)

The Christmas spirit means to me seeing family and eating Christmas sweets and decorating the Christmas tree. I like playing sports with my family when we take time from opening presents. Sprinkled Christmas cookies are fun to make and eat! Candy canes and smarties too. It is fun to put your Christmas decorations on the tree. I like to give presents to my family and friends. Being with my family is super duper fun and I get really happy. I want to be kind at Christmas because I want everyone to feel happy. Because it makes me happy when everybody is happy and when other families have fun for Christmas. I hope Santa has awesome and sweet kids on his good list., I hope everyone has a very Merry Christmas.
