

Boy #6 (Age 9)

The Christmas spirit means to me it's a holly jolly day when Santa Claus comes around and spreads the spirit of when Jesus is born. Then, when people gather down and celebrate Jesus' birth and where families and friends spend time together and celebrate Jesus' birth with a big feast. And everyone should receive kindness and everyone that is good and nice receive a gift of care and kindness from both Santa and Jesus' spirit. Also, most people give each other kindness and care and those people spread care and kindness to everyone and no one should be left out because everyone is important. And in Christmas season everyone should feel warm and fuzzy inside and do good deeds. And every now and then you should go around giving compliments around the neighborhood so they can feel the warm and fuzzy feeling. And at the end of the day have a cup of cocoa, and remember spread kindness! And that's what the Christmas spirit means to me!
