

Girl #1 (Age 10)

Do you know what the Christmas spirit means to you? The Christmas spirit means a couple things to me. Caring is one. You may not realize it but you care for others every day. I think Christmas isn't about presents, but I do think you're caring when you do buy or make presents for others.

I believe joy is part of Christmas too. You can always expect joy when you go into town. Everyone hustling through the stores to buy last minute gifts. Joy is my favorite part of the Christmas spirit. As I said before, I don't think Christmas is about presents, but I do think the Christmas spirit means love, joy, caring and so much more. By the way love is probably my favorite yet most definitely the most important to me. The Christmas spirit to me would not be complete without love. The love I feel around Christmas is amazing. The Christmas spirit brings my friends and family together. I hope it will do the same for you. Happy Holidays!
