

Girl #10 (Age 8)

What the Christmas spirit means to me is being kind to others. Christmas is getting to see your relatives you don't see much, like my great aunts and uncles. I like getting and giving presents. I like making cookies for Santa Claus, especially chocolate chip cookies! Me and my mom love baking cookies together. I feel Christmas spirit when I sing in my church choir. I like decorating my tree. We go to a tree farm and find the perfect one. My dad chops it down and we all yell, "TIMBER!" Friends give me presents and I give them presents. Our family donates coats to St. Rose church for a coat drive in winter. I wish Hastings a Merry Christmas and a White Christmas with a lot of snow!
