

Girl #11 (Age 8)

What the Christmas Spirit means to me is spending time with your family and giving each other presents. It means decorating the tree and the house very pretty. Also building a snowman. It means making Christmas cookies and Grandmas Christmas fried cakes. That's what the Christmas spirit means to me. Also setting up the Big Nativity scene is very fun. Making special cookies for Santa and putting out Reindeer food. It wouldn't be Christmas without going over to Grandma's for Christmas Eve. We spent time together, laugh and eat lots of yummy food. It's important to give presents to kids who need it. We always buy presents for the giving tree. I hope you all have a wonderful Christmas. That is what the Christmas spirit means to me.
