

Girl #14 (Age 8)

Christmas Spirit means to me spending time with my family and celebrating Jesus's birthday. It means having fun and unwrapping presents with my sister, brother mom and dad. And this one time I was at school and I was sledding and I was going super-fast and my friend Gabe jumped on the back of the sled and my face went in the snow. It was so funny! And another thing putting up my Christmas tree. I always put my Christmas tree up the day after Thanksgiving. One time I was in Frankenmuth and there was this huge Christmas store and we went in and we saw a little green pickle and it said the first one to find me opens the first present. And so that's what Christmas spirit means to me.
