

Girl #22 (Age 10)

To me Christmas means to hang out with family and celebrate with the people you love. To most kids they think Christmas is all about getting presents. I have to say presents are nice to get but that is not what Christmas is about. These are some things you could do to make Christmas even better. You could put up a Christmas tree then put ornaments on the tree. Then lights to decorate it, even more with lights. Then light the tree up. Next you could set the table with plates and cups, maybe a ham. Maybe a treat. Next buy a present. Make sure it is from the heart. Buy special wrapping paper that your loved one would love and wrap the present and put it under the tree. Wait till Christmas morning for your love one to open it. Once you see the smile on that person's face, yours will light up. That's what makes Christmas special.

Your family.
