The Christmas spirit makes me feel happy because Jesus was born and we get presents. I am happy that Jesus was born because God said he would send a son and he did! Mary and Joseph both saw angels who told them the same things. So did all the shepherds but they saw hundreds of angels. The shepherds followed the North Star to the stable where Jesus was born.

Presents make me happy because you can be surprised with something that you wanted off your list or something that is not on your list. Presents can be special if you get them on Christmas or your birthday but Christmas is very fun because we get stockings filled with presents. Another good thing about Christmas is the spirit of giving. You can give of your time, money or love. My favorite thing to do is give treats to neighbors and family.
