

Prince & Princess Essay Contest

Prince #1

Christmas to me means 4 things. Joy, giving, kindness, and snow.

Around Christmas I get to see my family that live far away. I love spending time with my family friends and my puppy. It brings me such joy when I get to decorate our Christmas tree.

Also Christmas is the season of giving. I love to surprise my family, friends, and community with things that they love and need.

Kindness is another word that makes me think of Christmas. I show kindness by using nice words with my family, and friends and my puppy "Lucas".

My last word that makes me think of Christmas is snow. In the winter we go sledding in Fish Hatchery park with friends we also ride the holly trolley and love to sing Christmas songs.
