

Prince #5

Christmas is about Jesus and his birthday. I like Christmas because you get to learn more about christ. One thing my family does is we set up a blanket to make sure we don't look at the presentes. We also sleep in the same room as each other. When it is like 6:00-7:00 we go to our mom and dad's room and wake them up. Then we check our stockings and go through opening our presents. We sometimes call our cusens but, we youguly just play with our presents and eat our candy. Sometimes we learn about Jesus and his birth. I like it when we sleep together. We will go to a thing at the church. We will go and look at the decorations that they put up. There is a big christmas tree thar. But the best part is that you get to sit on santas lap and tell him what you want. Well what Christmas really means to me is how Jesus got on earth and why he went to earth.
