Princess #13

What Christmas Means to Me What does Christmas mean to me? Christmas means a time of joy and getting together with family. It also means that it is a happy season where we can celebrate a special time with others. It is about giving and making memories. Some traditions for my family during the holiday season are baking and decorating cookies and taking out the tree and decorating it. We also always have matching pajamas every Christmas. On Christmas Eve, my Grampa comes over to our house and reads, "Twas the Night Before Christmas" before we go to bed. Then we leave cookies and milk for Santa and food outside for his reindeer. We also get to open one present. On Christmas Day, we try to FaceTime with family that are far away like my aunt and uncle in Belgium. We open presents at home in the morning and at Grandma and Grampa's later and then have a big family dinner with everyone that is home. This is what Christmas means to me. Love, joy, and family. Merry Christmas!
