

Princess #15

Christmas to me means many things. But these are some that I like the most. Being thankful for everything you get Christmas day and also our Christmas meal. I also like decorating the Christmas tree and our house. I love the star on the top of our tree. I also love that my Grandma sends me her sugar cookies from Nevada. Our family enjoys hot cocoa and peppermint chocolate as some special foods. Mom, dad and my brother Noble all watch Christmas movies. My favorite Christmas movies are Home Alone and The Polar Express. Sometimes we take family Christmas pictures and put them on our family Christmas cards to send out. Also, I love seeing the cards that we receive from our friends and our family. Most of all I just like being with my family and doing fun things during Christmas.
