

Princess #18

This is the time of year to help and give to others. I love making cookies with my family and leaving them out for Santa. We celebrate the birth of Jesus. We spend time with our family. And I love all the decorations. We drive around to see all the Christmas lights as a family and they are so pretty. I get to see my elf and drink hot cocoa. I love the Christmas movies with my family. I love this time of year. Christmas is my favorite holiday. It makes me so happy, and I feel so special every year.
