

Princess #21

What Christmas means to me I love Christmas because it's the best time of year. It's the time of the year when the elf on the shelf comes out and spreads holiday cheer. You get to open presents on Christmas Day when everybody in your family wakes up. I like spending time with friends and family and you get to have food with them and decorate Christmas cookies for Santa. You get to set up the Christmas tree and put ornaments on it, lights and Garland around it. You get to set up Christmas lights outside and set up all the Christmas stuff in the yard. It is very satisfying to look at all the Christmas lights. It's very nice and it's so beautiful. Christmas is a truly magical time of the year and it's very fun.
