

Princess #27

Christmas is about having fun and getting together with your family, it's also Jesus' birthday! Christmas is about many other things but, some people don't celebrate Christmas. Giving is a big part of Christmas because it's nice. Some people live on the streets and don't get nice things at all and don't have people to love them so you can give to them and make their day. Sure, you get gifts but that is not the only thing that's nice that you can do just a complement will be nice like, Merry Christmas. Go sledding with some hot coco and have fun with your family's and friends.
