

Princess #4

Christmas means to me to spend time with your family. When you have Christmas breakfast together and talk about memories. It's about being thankful that God has given us a beautiful life to live. Christmas is about snuggling with my brother and sisters watching movies with hot cocoa because it's too cold outside. It's about grabbing the tag off the angel tree and buying some gifts for another family who has less than we do. Christmas is that one time in the season we take a moment and stop and enjoy each other.ss
