What Christmas Means to Me To me Christmas means J.O.Y., also known as Jesus, Others, then You. I think J.O.Y. means love for Jesus and happiness. Why J.O.Y is the meaning of Christmas to me is because the definition of J.O.Y is happiness. On Christmas when you wake up and see all of the presents you're happy. When you see all your family celebrating on Christmas you're happy. When you open an advent calendar you are happy to eat the candy. Christmas is the happiest time of year for most people. The people that dont like Christmas are not joyful like satan. He hates Christmas because he doesn't like the happiness God gave us. Joy started when Christ, our savior and lord, was born. That's how the happiest time of the year or Christmas came about.
