

HASTINGS Jingle & Mingle

Christmas is my favorite holiday and this is what Christmas means to me. Christmas is a fun time to spend time with family and friends. I love my family. They are like my stuffed animals to me. When you spend time with your family your gift is them and spending time with your family is more important than presents. If you like spending time with family you'll love Christmas. It is not about presents, it is about family because you don't have forever with them so spend time while you can. When my mom was a little girl she loved Christmas and that generation passed on to me and my siblings . When we go to our nana's house we love our cousins. Christmas is not about presents or eating, it is about giving and spending time with family. The part about giving is the best; it feels like a warm hug to give a gift. When it is Christmas I love the laughter and love. Also you would love Christmas if you like to play in the snow. When you spend time with your family it is so nice because you don't have forever to spend with them so spend as much time with them. And it feels so good spend time with them have fun. Also it is the most jolly and fun. So you will love Christmas if you love to give gifts that is what Christmas means to me.
