

# HASTINGS Jingle & Mingle

What does Christmas mean to me? Christmas is about family and giving. The reason it's about family is you see your family a lot, but you get two or three days of seeing your family but me it's two days of seeing family.

My sister's birthday is on the twenty-fifth Christmas, I kinda like my sister. My sister loves Christmas music, and she watches Christmas movies. When it's November she thinks it's Christmas time. I think it's funny and sometimes it drives me insane. She watches Elf, Home Alone, How the Grinch stole Christmas, all of them. My dad says that Die Hard is a Christmas movie. I agree because it does take place in December and is also made in December. My favorite Christmas movie and song is Home alone 2 lost in New York and my favorite song is White Christmas. It also mean Christmas break and sleeping in and snow forts snow mans and even not on Christmas they are snow days so again I can sleep in and sometimes or evening all the time a blizzard but still they is a little bit more hot cocoa or hot chocolate it makes it the best Christmas break it's fun to go outside make some snow balls and throw them, Egypt India and U.S Florida sorry that you don't get snow.
