

HASTINGS Jingle & Mingle

This is how I love Christmas. I love Christmas because of the white snow, sledding, making snowmen with my siblings, and having snowball fights. It's all really great. Most of all, I love giving presents to my little siblings. I use my own money and sometimes a little bit and Mom's. Most of all, it's not about getting, really, it's about giving. I really want to win and if I get the 25 Berry Bucks, I can spend that on my little siblings so they can have the best Christmas. So, I don't know why I made this story. I know I signed up but one thing I have, imagination and I have belief that some people's dreams can actually come true and I hope mine do too. So really Christmas is about the stories, sharing time with your family, having fun, sharing laughs with everybody, and most of all it's about love.
