

HASTINGS Jingle & Mingle

Christmas is my personal favorite holiday, first I'm going to start off by saying Christmas is the beginning of a brand-new year leading to any new goals you have for the next year! One main thing people think Christmas is about is Santa and the birth of Jesus. One other thing I love is the parades. I love going to the parades. After we go, we usually make gingerbread houses with my whole family, and yes, my whole family comes over. Also, I can't forget about the presents, presents are another big thing about Christmas and some people think of it as the main thing, because it is one of the most exciting things because you never know what you will get! Also, one of my favorite things to do on Christmas is open stockings. I always get really excited when I see a full stocking and can't wait to open it! When I see Christmas decorations, I always get really excited and happy. The actual most exciting thing about Christmas is Christmas Eve because we always watch a Christmas movie on Christmas eve and when it's time to go to bed on Christmas eve, I always stay up all night because I can't wait to see what is in our stockings. Also, another thing that I love about Christmas is a park in Battle Creek. I love Driving past that park to see the Christmas lights in Battle Creek!
