

# HASTINGS *Jingle & Mingle*

Christmas means a lot to me because I get to spend time with my family. Next, it is Jesus birthday and I like to selection it and I like to open presents with my family and I like to get my family presents and see how happy they are opening them. Then I like watching movies with my family and we usually watch elf and have hot coca, and we play Christmas games those are super fun. Then my grandparents come over and we play the games, and I like to spend time with all my family members.
