

# HASTINGS *Jingle & Mingle*

I am in fifth grade at Southeastern and Christmas means to me a lot and Christmas only means to me a lot because my family we'll all get together and see each other And we will see each other and sometimes we will have dinner and the reason why Christmas means so much to me, because I see my family sometimes we will even get together on Christmas Eve and Christmas that's the reason why so much to me I love my family so that's why.
