

What Christmas means to me is joy, giving, and it brings people together. I help decorate the tree with ornaments and put a star on the top. My family and I hang stockings, sing Christmas songs, drink hot cocoa, read Christmas books, and watch Christmas movies. I eat a special breakfast before going to family and friends' houses to open presents. Christmas is also fun to me because I get to play in the snow, build snowmen, go sledding, have snowball fights and build igloos with my friends. The most important thing to me is being with my family and friends and that is what Christmas means to me.
