

Christmas to me means my family coming together and having a big meal, and being thankful for another year. Christmas is one of the only times during the year that my whole family is together, so it is very special. One of my favorite things to do at Christmas is playing games for random prizes, we usually play games like hand and heel and jokers and pegs. Another thing we do at Christmas is secret Santa, it's very fun to watch everyone open their presents and find out who their secret Santa was.

Our family always likes to prepare a big meal. We have things like ham, mashed potatoes, green bean casserole, corn and pumpkin pie. Something else we do at Christmas every year is listen to Christmas music, everyone sings along and it makes it feel more like Christmas. We also take family photos, and then my Grandma makes them into a calendar for the upcoming year. I love opening my presents at Christmas and seeing things that I put on my Christmas list and playing with them afterwards with my sister. That is what Christmas means to me.
