Princess Essay #2

Christmas is beautiful. You get to spend time with your family, and open gifts, but it's not all about opening gifts. Think about seeing family you don't get to see often. Like aunts, uncles, grandpas, grandmas, and cousins. I think Christmas is nice because you get to see family that you don't get to see often. So that is why I love Christmas!

And I love Christmas because you get mini gifts in an advent calendar. You can get almost any advent calender. They make all sorts of different advent calenders. On Christmas you get lots of gifts and you get to see family. You get all sorts of gifts like clothes, shoes, toys, socks, and more. I like getting clothes and socks for Christmas.

This is what Christmas means to me.
